

The Blessing of Unity - Psalm 133

1. Unity is good and pleasant.
2. Unity is sweet smelling.
3. Unity is life giving.
4. Celebrating what we have in common.

1. What do you understand Psalm 133, verse 1, "live together in unity" to mean?

The idea of God's children living in unity and harmony with one another seems to be a clear biblical message both in this Psalm and throughout the Bible. This week meditate upon these scriptures: Ephesians 4:1-6, 1 Peter 3:8-9, Colossians 3:12-17,

2. What other bible verses come to mind that have convinced and encouraged you that living in unity with one another is God's plan?
3. How has being in unity with a small group of brothers and sisters been "good and pleasant"?
4. How can you help others begin to discover the "sweet smell" of living in unity with brothers and sisters in a small group?

Please spend some time praying this week that God would draw His children into unity.
