New Series starts this weekend: 1 Thessalonians

Did you know that 83% of Americans say they are Christians? Do you think 83% of Americans are practicing Christianity? Do you think people are confused as to what it means to be a Christian? Some people would say they are a Christian because they were born into a Christian family or go to a certain church. Others would say because they walked down front in church, or said a prayer or signed a card. **What does it mean to be a Christian?** The first chapter of 1 Thessalonians answers that question. That will be my message this weekend. I hope to see you at church!
