## Program Descriptions

At EVCS, we understand the importance of an exciting, and nurturing first school-based experience for children, as well as for their parents. Our unique programs offer many options for parents and children, and are designed to be highly individualized. If you have questions about our programs, please feel free to call us – we LOVE to talk about it!

Our programs are designed in twelve-week sessions. This gives parents and teachers immense flexibility, and the ability to tailor each child's program to their specific developmental needs.

**Session One: Sept 21<sup>st</sup> – Dec 18<sup>th</sup>      Session Two: January 11<sup>th</sup> – April 2<sup>nd</sup>      Session Three: April 12<sup>th</sup> – June 11<sup>th</sup>**

EVCS is proud to offer the following programs:

### **HAPPY TRACKERS (2 yrs 9mos - 4 yrs 9mos)**

***M-W-F from 9am - 12:30 pm.***

***A hot breakfast and snack are included. (Breakfast is served at 8:30am.)***

The heart and soul of EVCS is the main preschool class, affectionately named, "HAPPY TRACKERS," to fully embrace the sense of gleeful wonder and adventuresome spirit that can be found in children at this age level. Our HAPPY TRACKERS begin down a happy, healthy, and exciting path for learning. Using a carefully balanced schedule, this class utilizes a combination of early learning approaches meant to reach your child's individual learning style. Young minds will love our hands on exploration and creation centers, as well as teacher-led, small and large group subject learning. Young bodies will love our spacious, and NEW outdoor play area, as well as organized games and activities. Young spirits will love our use of Biblical integration throughout all subjects, and our gentle and consistent guidance through new social experiences. In addition, this class offers at least one outside field trip and special classroom visitor per session, to further enrich your child's learning experience! Finally, because we know these young learners will want to include YOU in their journey, we require that one parent or family member offer two days of volunteer support per session.

\*\*Parents wishing to volunteer on a more regular basis – up to one time per week, are invited to speak with the Directors.

Ready to begin a journey filled with laughter, love and learning?? EVCS is READY to lead the way!!

### **LITTLE EXPLORERS (18-36 mos) – Mondays OR Wednesdays 10am-12pm:**

"Little Explorers" is a hands-on, play based program meant to encourage and excite young learners just entering the preschool/early learning setting. This is a "Mommy and Me" class designed for kids ages 18 mos. to 36 months. Want your child to do painting, gardening, cooking, and get a little dirty all in one day? Welcome to this wonderful world of exploration meant to satisfy the curiosity of early learners and still keep their houses clean!! This program is an open, station-based, free-exploration time where children and their parents can come and go as they please, participating in a number of activity choices including art, science,

cooking, motor development, and music. Activities are theme based and follow a line of developmental targets.

**WORD WHIZZES (18-26 mos) - Mondays 10am-12pm NOT AVAILABLE FALL 2009**

This class is a 2 hour, “Mommy and Me” class designed to address language acquisition and language comprehension.

Activities include circle time activities such as flannel board stories and singing, sign-language, art, early pattern development, block creations, and gross motor activities. Each of these activities has been shown to play an integral role in language development. Classes will also include a play time component including free play, pretend play, and small group activities and games meant to encourage *social* language and interactions.

**Terrific Twos (24-36 mos) NOT AVAILABLE FALL 2009**

**Fridays 10am-12pm:**

“Terrific Twos” is a program designed with 2 yr olds in mind. This “mommy and me” class is a fun and engaging 2-hour glimpse into the wonderful world of pre-academic skills, including a hands-on introduction to colors, shapes, letters, and numbers. In addition, the class will address emotion identification, social problem solving (such as sharing and turn taking), and following directions. A number of creative approaches are used to address these areas, including active movement opportunities such as circle time, songs, and games, 2-D and 3-D art, crafts, cooking, pretend play, role playing, and outdoor games.

***In addition to our specialized toddler classes, we offer an optional morning “drop-off” for breakfast and play from 8:30-10am, prior to class beginning. We encourage parents to take this time to run errands, go to the gym, or simply have some quiet time!***
